TRIBUTE TO RICHARD TORTORELLI

• Mr. SMITH of New Hampshire. Mr. President, I rise today to honor Richard Tortorelli of Milford, New Hampshire, who has retired from the Milford Fire Department after 41 years of service.

Richard began his career with the Milford Fire Department while in high school. At the age of 21, he joined the fire department as an on-call fire fighter. In 1986, he became the first full-time Fire Chief in Milford's history. Under his leadership, the fire department has seen many changes: a move from Town Hall in 1974 into the current station, a change from a one-town dispatch center to the regional Milford Area Communication Center, and equipment updates along with specialized training.

Even though Richard works in one of the most dangerous professions in the country, he has never lost a member of his department. One of the most rewarding aspects of his career is that the number of fire calls in Milford has decreased over the years. He acknowledges that teaching fire prevention is not as thrilling as fighting a fire, however it is very important.

I would like to thank Chief Tortorelli for his service to the Town of Milford, and his dedication and leadership to the Milford Fire Department. I commend Richard for his exemplary career and tireless efforts. I wish him luck in his future endeavors. It is an honor to represent him in the United States Senate.●

Mr. HUTCHINSON. Mr. President, I ask unanimous consent that at 1 p.m. on Monday, August 2, the Senate proceed to the consideration of Calendar No. 191, S. 335, and that it be considered

under the following limitations: 2 hours of total debate on the legislation equally divided between Senator COLLINS and Senator LEVIN or their designees; the only amendment in order be a managers' amendment offered by Senators COLLINS and LEVIN. I further ask unanimous consent that following the expiration or yielding back of debate time and the disposition of the managers' amendment, the bill be read a third time and then temporarily set aside. I finally ask unanimous consent that at 5:30 p.m. on Monday, the Senate proceed to a vote on passage of the bill with no intervening action or debate.

EXTENSION OF FUNDING LEVELS FOR AVIATION PROGRAMS

Mr. HUTCHINSON. Mr. President, I ask unanimous consent that the Senate now proceed to the immediate consideration of S. 1467 introduced earlier today by Senator McCain.

The PRESIDING OFFICER. The clerk will report the bill by title.

The legislative clerk read as follows:

A bill (S. 1467) to extend the funding levels for aviation programs for 60 days.

There being no objection, the Senate proceeded to consider the bill.

Mr. MCCAIN. Mr. President, I rise in support of S. 1467. This bill will extend the Federal Aviation Administration's, FAA, Airport Improvement Program, AIP, for sixty days. It is critical that Congress complete the authorization for this program for this fiscal year. Otherwise, the FAA will be prohibited from issuing much-needed grants to airports in every state, regardless of whether or not funds have been appropriated. In fact, there are still nearly \$300 million in appropriated funds for the current fiscal year that cannot be spent because AIP authority expires on August 6.

If we do not act to reauthorize this program for at least the remainder of this fiscal year, we will cause harm to the transportation infrastructure of our country. AIP grants play a critical part in airport development. Without these grants, important safety, security, and capacity projects will be hampered throughout the country. Therefore, we must act swiftly.

The safety of the traveling public depends upon the continued flow of AIP monies. For example, airports use these funds to install instrument landing systems, which help guide airplanes to safe landings when visibility is impaired. AIP funds are also used for airport safety projects related to runway
